Thank you to all the parents who took the time to complete the annual questionnaire. We received 188 papers representing 210 children. Thank you to those who have made suggestions on how we can improve provision and we will seek to address this in due course.

Below is an overview of the responses and percentage results from those families who took part.

Class teachers will have follow up conversations with parents who have identified themselves or their child as needing extra support. We really appreciate your feedback, particularly on the things we are doing well – we have a wonderfully supportive community who seek to work together for all our children and for this we are hugely grateful.
