

## **Year 5 – Home Learning**

**(Read through alternative lesson below before starting)**

Login in to Charanga and go to your YUMU assignments.

Click on "Hip Hop Lesson 5: Writing a rap chorus"

Click and listen to the sections Part1: Arriving and Part2: Starter

Now listen to Part2: Starter Your Planet 2022. If you click on the "Coach Button" you will get an explanation of how the different controls work on the screen. For instance, if you click on "Rap on" or "Rap off" you can switch the words on and off. Have a play with the different controls whilst listening to the rap.

Next click on Part2: Starter Your Planet 2022 Rap the gap. Rap on the red words.

For Part3: Rap Backing, click on the coach button for instructions. You can order the different parts of the song and add different beatboxing techniques that we have learnt in class (classic kick, snare, Hi Hat and the clave) over parts of the song. Your task is to make up your own catchy chorus (repeated lines, rhythm of words) about any topic that you like that you think is relevant. You will sing your catchy chorus over the chorus part of the song and maybe beatbox over other parts. You can also write verses to make your rap even better.

### **Alternative or extension Lesson**

If you prefer to do a different module instead of this rap course and you have a tuned musical instrument at home, click on the Classroom Jazz lessons. Go through the activities on the screen and play along to the notes on the screen. It doesn't matter which tuned instrument you use.

### **Choir**

If you are a member of the choir, don't forget to look in the choir area on Charanga. There will be new songs added that you can learn and sing along to that we may possibly perform in the future. Make sure the rehearsal and instrumentation buttons are shaded when listening to the song.
