

## **Year 6**

Login in to Charanga and go to your YUMU assignments.

Click on "Hip Hop Lesson 2: Beatboxing".

Click and listen to Part1: Arriving - The Show. What can you hear in the extract? Are any instruments playing? Who is performing the beat?

Now listen to Part2: Starter - The Amazing Human Beatbox. Today our lesson is about learning and practising some beatboxing techniques.

Go through the first 4 sections of Part3. Listen to the basic beatbox sounds. You will learn the Classic Kick (b, bm), Classic Snare (pf, psh, pss), Closed Hi hat (t) and The Clave click (clk). Practice the four different sounds until you are confident.

Next go to Part3: Beatgrid 1. Before playing, try to recreate the sound of the pattern over the four beats. Now practise this along with the pattern on the screen, first at 80bpm, then speeding up to 100bpm then 120bpm once your confidence and sound improves. This may take a while to perfect (click the tab at the foot of the screen to change the speed).

Now go through Beatgrid 2 and Beatgrid 3 to continue improving your beatboxing. Always try to work out the sound and rhythm first before playing them back on the screen and joining in.

### **Extension**

Do the same for Beatgrid 4 and Beatgrid 5 (work out the sound and rhythm first, then play back on the screen and join in.).

### **Choir**

If you are a member of the choir, don't forget to look in the choir area on Charanga. There will be new songs added that you can learn and sing along to that we may possibly perform in the future. Make sure the rehearsal and instrumentation buttons are shaded when listening to the song.
