

Week 3

Dear Ladybirds and Butterflies,

Thank you for sharing your 2 syllable word writing. It was so good that we have given you even harder words! Remember to use your Freddy Fingers, but you do not need to write the little red line between each syllable, that was only to help your adults.

Once you have written your words, can you have a go at putting them into a sentence. You could even write silly sentences, like we do in class or make up a silly rhyme.

We have added lots of new resources on Education City, so that you can practise your phonics and reading. We know that it has been a little tricky for some of you to Log in, but try before 9am or later in the afternoon. You will find Phase 2 and Phase 3 Phonic Sounds and Reading and a Challenge area. Even if you are really confident, remember to complete an activity from all the Phases.

Remember to make lots of time to play. Have fun!

Have a go at writing these 2 syllable words.

ar
digraph

These words have the *air* trigraph:

farmyard carpark haircut highchair airport
