

Year 3

Login in to Charanga and go to your YUMU assignments.

Click on "Listen and Appraise" and listen to the song "54-46 That's my number".

You can click on the questions button and answer some of the questions after you have listened to the song. You can also click on the "about the song" button if you want to find out more about this song.

Our previous songs have been written by Bob Marley and the Wailers. This week's song is written by a group called "Toots and the Maytals". What a cool name for a band! Check the video below to see them performing. Don't forget to clap along with the pulse of the song. Can you remember which beats you should be clapping on (clue -offbeat)?

<https://www.youtube.com/watch?v=BhI3iVQfJ1g>

Now click on the "Warm-up Games". Go to the Silver Challenge. Clap and sing back when you are asked to. If you have a tuned instrument then play along when asked.

Next, click on "Flexible Games Track - Three Little Birds" - Silver Challenge. You can choose "Move to the Pulse" or "Find the Pulse" to dance along to.

Lastly, click on "Three little birds: Learn to sing the song" and go over the verses and chorus of the song. Make sure you count the beats on the introduction before you start singing. Try singing the whole song.

If you have access to a tuned instrument at home, click on "Play your Instruments" and practice along to the recorder (any woodwind instrument) or Glockenspiel (any keyboard instrument). For those of you who wish to learn and play along to the tune of the song, open one of the attached pdf files, and choose either the easy, medium or melody part, rehearse it and then play along. Or you can clap along to the untuned percussion part instead.

Extension

For those of you who are up to a challenge and wish to do some composition, click on "Compose with the Song" - Three little birds. Choose Treble Clef Basic and click on Next. Next click on Compose at the bottom and click on Rhythm grid. You need to drag the green boxes at the bottom of the screen (they have numbers, 1, 2, 3 or 4 onto the bar lines above). You can choose any green bars but each bar line must have 8 notes. When you have filled the bar lines, press the play button, listen to the clapping rhythm first and then clap along. Play about with the controls and have fun composing. It is easier than it seems!

Choir

If you are a member of the choir, don't forget to look in the choir area on Charanga.
