

St Edmunds Suggested Weekly Plan Date w/c 27th April

Year: Y4

Outlined below are a range of activities that you may want to follow as part of your home learning schedule. We recognise that each family will have different needs and resources and therefore this should only be used as a guide. For the maths activities we are going to use the White Rose maths resources. These are based on the topics that we would have been covering in school at this time. Each lesson contains a video to explain the task, an activity for the children and the answers. The link to access the maths is as follows <https://whiterosemaths.com/homelearning/year-4/>. If you feel that your child is having difficulty with the content please feel free to use the content from Year 2 or Year 3

Monday	Tuesday	Wednesday	Thursday	Friday
PE: Morning Workout – e.g. Joe Wicks				
<p>English – Genre focus - Play scripts</p> <p>Task lesson 6:</p> <p>Revisit story board from last week.</p> <p>Are you still happy with it?</p> <p>What could you add?</p> <p>Record high level vocabulary you would like to use.</p>	<p>English – Genre focus - Play scripts</p> <p>Task lesson 7:</p> <p>Using your story board and research write your own play script.</p> <p>Remember to use the features of play scripts</p>	<p>English – Genre focus – Play scripts</p> <p>Task lesson 8:</p> <p>Finish play script if not already done so.</p> <p>Edit play script focusing on spelling, punctuation and grammar.</p>	<p>English – Genre focus – Play scripts</p> <p>Task lesson 9:</p> <p>Design backdrop for your play. You can draw this on paper or actually make it to use for your play script performance.</p> <p>Remember the backdrop should be linked to the theme of your Play.</p>	<p>English – Genre focus – Play scripts</p> <p>Task lesson 5:</p> <p>Perform your play. You can use figurines or live actors to help bring your play to life. If possible record your performance and send it to your teacher with your original script.</p>

PE: One hour of dedicated movement time

Projects for the Week

Science Project

Find and identify all products within your household which require electricity to work. Organise these items through the way they use electricity (*Mains, Battery or both*). Display your findings using a Venn diagram. Can you find anything that requires an alternative energy source to provide electricity?

RE

Last week, we learned about Pentecost and how it is considered the birth of the Church. After Pentecost, the early disciples spread the Word of God throughout the known world. St Paul is one of these early disciples and we are going to focus on him over the next couple of weeks. Paul used to be called Saul and was quite cruel to Christians before his conversion on the road to Damascus. For this week we want you to research the story of Paul's conversion to the road of Damascus and then create a work of art to represent this story. You can find it in the Bible or use the following website <https://www.biblefunforkids.com/2012/10/saul-sees-light.html>.

Remember that we also have all the online resources such as EducationCity, MyUSO and Sumdog.
