

Addition

The 100 Square is much easier to use to add/subtract bigger numbers.

$$45 + 23 = 68$$

① start at 45

② Partition into tens and ones.

③ Add the 20 first.

④ Add the 3.

Subtraction

$$28 - 15 =$$

① start at 28

② Partition into tens and ones.

③ subtract the 10

④ subtract the 5
