

## Fairy Godmothers.

One of the most magical characters in fairy tales is the Fairy Godmother.

### What she does.

Fairy Godmothers are usually good characters and they normally help the hero of the story. When the hero is in trouble then the Fairy Godmother helps them out because she has magical powers. The magic is a quick solution to get the hero out of a difficult situation but it does not usually last very long.

### How she dresses.

Most Fairy Godmothers wear traditional fairy clothes such as a white dress, sparkly shoes and a wand. Sometimes they can be seen in more modern dress because the rest of the story is set in modern times. In these stories the Godmother may be wearing jeans or a colourful dress. When she is dressed in modern clothes she may not even look like a fairy but she will always have a wand!
