

Friday English Task-Create and design your own St.Edmund's information leaflet

St.Edmund's Primary School is trying to attract new children to join and become part of our wonderful community.

Your task is to design and create a persuasive, information leaflet about the school that will attract new children and parents to our school. You can decide upon the subheadings that you would like to include and the information you that you feel is important to know about our school. Here are some suggestions if you need some extra assistance:

Suggested subsection ideas

- A persuasive introduction about the school to highlight the positive aspects of the school.
- A history of the school and its place in the community (When it was first started, why was it first started etc...)
- Events that they would enjoy if they came to the school (Sports Day, SKY Studio visit, school discos, movie nights etc...)
- What you learn and what skills do you acquire if you attend our school (R.E, English, Computing, P.E, Mathematics etc...)
- What makes St.Edmund's so special? (Friends, teachers, teaching assistants, resources, community etc...)

Remember that your leaflet needs to be as persuasive as possible, so try to remember to use rhetorical questions, alliteration in your subheadings, images and persuasive language to promote our school.

Good luck and be as creative as possible!
