

## Year 5 and Year 6

You have a choice of activities that you can choose from. I suggest you do Activity 3 first. If you have started on TeamTutti, you may wish to catch up with the lessons you have missed or attempt some new lessons as they appear. If you are new to the website, go to the website and follow the instructions below.

### Activity 1:

<https://teamtutti.org/>

Start a Lesson and go through each of the three tasks and listen to the video for each task one at a time. This will explain what you need to do. When you have finished all three tasks, go back and click on the creative challenge, quiz and videos, again working through each stage one at a time.

### Activity 2:

Keep checking on the BBC Ten Pieces at Home Website.

<https://www.bbc.co.uk/teach/ten-pieces/ten-pieces-at-home/zjy3382>

Choose the latest activity or if you prefer, attempt one of the tasks from the previous weeks. If you are especially proud of the work that you complete, you may ask an adult to help you share your work using the BBC Uploader so that you have a chance to have your work featured on the Ten Pieces **online showcase**.

### Activity 3:

You will be starting the BBC Schools Music Programme and looking at and singing along to Ancient Greeks through the story of the "Heroes of Troy". Go to the link below and read about the characters and background to the story. There are some story questions which you will need to answer after watching the first episode of the story. If you click on any individual question, the answer will be revealed!

<https://www.bbc.co.uk/programmes/articles/10bfjxLq5B3mmqMQkCRbxL8/heroes-of-troy-1-is-it-love>

Go to the video screen, click on the arrow on the right and scroll to "Episode 1 of the story". Now watch the story and answer the story questions on the page. Once you have done that, click on the arrow on the left and scroll back and listen to Tutorial 1. Then scroll through the other videos, listening and joining in on Song 1: 'Is it love?' (vocal) and then Song 1: 'Is it love?' (backing).
