

St Edmunds Suggested Weekly Plan Date w/c 29th June

Year: Y4

Outlined below are a range of activities that you may want to follow as part of your home learning schedule. We recognise that each family will have different needs and resources and therefore this should only be used as a guide. Well done for all your hard work and please do email us pictures of your work to year4@st-edmunds.richmond.sch.uk. If you need any help or advice, the Year 4 email is the best way to get in contact with us. **If you are happy for us to share some of your work on the school website – please state on your e-mail that you give us permission to do so. E.g. ‘I am happy for this work to be shared on the school website’.** We have given out some certificates for the great work we have seen already. Do remember that, if you feel it is more appropriate, the children can use lessons from other year groups when working through the maths tasks.

Monday	Tuesday	Wednesday	Thursday	Friday
PE: Morning Workout – e.g. Joe Wicks				
<p>English – Genre focus – Newspaper Writing</p> <p>Task 1: Read through example newspaper reports saved in the resources for this week. Highlight the things that you notice. Think about what features make them a newspaper report.</p>	<p>English – Genre focus – Newspaper Writing</p> <p>Task 2: Create a success criteria for a successful newspaper report. Use the examples you looked at yesterday to help you. Think about what makes newspapers different from other genres.</p>	<p>English – Genre focus – Newspaper Writing</p> <p>Task 3: Think about an event you would like to write a newspaper report about. It could be something happening today or from the past. It could be a real event or one you made up. Create a headline for your report. Use the headline presentation in resources to help you.</p>	<p>English – Genre focus – Newspaper Writing</p> <p>Task 4: Start to write your newspaper report. Think about what eye witness you could use for a quote in your report. It does need to be finished today as time will be given to it next week. However, you should ensure it is high quality focusing on punctuation and spellings.</p>	<p>Due to lots of requests, Fridays have now become revision days. They can be used to review any areas that you found difficult, or would like to revisit, from this week or previous weeks. It is also an opportunity to catch up on any activity that you may not have had the opportunity to complete.</p> <p>We also recommend that you go over your Year 4 spelling patterns. These can be found in the RWI Spelling book sent home before the schools closed. If you do not have these, you can always use the spelling tests in your reading record to remind you of the spelling patterns.</p> <p>This is also a good day to focus on your reading.</p>
<p>Maths</p> <p>Summer Term</p> <p>Maths Website: https://whiterosemaths.com/homelearning/year-4/</p> <p>Lesson 1: Pounds and pence - watch the video and complete the activity sheet (answers available in resources)</p> <p>Daily challenge: 29th June sheet saved on the website (Y4 W12) – do not print – working out can be done on a whiteboard/paper.</p>	<p>Maths</p> <p>Summer Term</p> <p>Maths Website: https://whiterosemaths.com/homelearning/year-4/</p> <p>Lesson 2 – Ordering money - the video and complete the activity sheet (answers available in resources)</p> <p>Daily challenge: 30th June sheet saved on the website (Y4 W12) – do not print – working out can be done on a whiteboard/paper.</p>	<p>Maths</p> <p>Summer Term</p> <p>Maths Website: https://whiterosemaths.com/homelearning/year-4/</p> <p>Lesson 3: Estimating money- watch the video and complete the activity sheet (answers available in resources)</p> <p>Daily challenge: 1st July sheet saved on the website (Y4 W12) – do not print – working out can be done on a whiteboard/paper</p>	<p>Maths</p> <p>Summer Term</p> <p>Maths Website: https://whiterosemaths.com/homelearning/year-4/</p> <p>Lesson 4: Four operations - watch the video and complete the activity sheet (answers available in resources)</p> <p>Daily challenge: 2nd July sheet saved on the website (Y4 W12) – do not print – working out can be done on a whiteboard/paper.</p>	

PE: One hour of dedicated movement time

Projects for the Week

Growth Mindset – Week 4: Managing Worries

We are continuing with our Growth Mindset programme and this week's theme is managing worries. Please find the relevant information in this week's resources.

Science

Part of the science curriculum is being able to work scientifically. This means developing skills such as choosing the correct equipment, setting up appropriate experiments and being able to record our data efficiently. In the science section of EducationCity, there are some wonderful activities focusing on these skills. Your science task for this week is to work through these activities. You could also think of something you would like to investigate and create your own investigation e.g. An investigation to see much rain falls in your garden in a week.

RE

On Sunday 14th June, we celebrated the feast of Corpus Christi. This is a feast focused on the gift of the Eucharist. A usual part of these celebrations is the Exposition of the Blessed Sacrament in a monstrance. This week we are going to create our own monstrance art. The websites below can help you and there is also help in this week's resources.

<https://www.looktohimandberadiant.com/2015/07/seeing-jesus-in-eucharist-monstrance.html>

Remember that we have all the online resources such as EducationCity, MyUSO and Times Tables Rockstars!

Keep up the good work and remember to email us your wonderful work

Mr Nash and Mr Rose
