

St Edmunds Suggested Weekly Plan Date w/c 13th July

Year: Y4

Outlined below are a range of activities that you may want to follow as part of your home learning schedule. We recognise that each family will have different needs and resources and therefore this should only be used as a guide. Well done for all your hard work and please do email us pictures of your work to year4@st-edmunds.richmond.sch.uk. If you need any help or advice, the Year 4 email is the best way to get in contact with us. **If you are happy for us to share some of your work on the school website – please state on your e-mail that you give us permission to do so. E.g. 'I am happy for this work to be shared on the school website'.** We have given out some certificates for the great work we have seen already. Do remember that, if you feel it is more appropriate, the children can use lessons from other year groups when working through the maths tasks.

Monday	Tuesday	Wednesday	Thursday	Friday
PE: Morning Workout – e.g. Joe Wicks				
<p>This week we are going to base our work on 'Goblinology: The Ultimate Guide to Goblins' (Talk for Writing Home-school booklet) by Kathryn Pennington. The link to the booklet is https://www.talk4writing.com/wp-content/uploads/2020/06/Y4-Goblins-F.pdf.</p> <p>This unit, designed to develop writing skills in a range of genres, has lots of different activities that recap lots of the genres that we have covered this year. You do not need to complete all the activities but please feel free to do so. Choose the activities that you find the most interesting or you think will help you the most. We would love to see the writing that you produce from these task. If you would like to keep developing your writing skills over the summer we have included the links to other booklets below. You may also do one of the booklets below this week, if you prefer that topic. Happy Writing!</p> <p>https://www.talk4writing.com/wp-content/uploads/2020/06/Y4-Impossibly-Possible.pdf</p> <p>https://www.talk4writing.com/wp-content/uploads/2020/06/Y4-Mission.pdf</p> <p>https://www.talk4writing.com/wp-content/uploads/2020/06/Y4-Maria-Aliens.pdf</p> <p>https://www.talk4writing.com/wp-content/uploads/2020/04/Y4-Unit.pdf</p>				 <p>Summer Holidays!</p> <p>Have a great time. We would love to receive a postcard or letter from you telling us all about your adventures.</p> <p>Don't forget to complete the library's summer reading project!</p> <p>https://summerreadingchallenge.org.uk/</p> 
<p>Maths Summer Term Maths Website: https://whiterosemaths.com/homelearning/year-4/</p> <p>Lesson 1: Identifying angles- watch the video and complete the activity sheet (answers available in resources)</p> <p>Daily challenge: 13th July sheet saved on the website (Y4 W14) – do not print – working out can be done on a whiteboard/paper.</p>	<p>Maths Summer Term Maths Website: https://whiterosemaths.com/homelearning/year-4/</p> <p>Lesson 2 – Compare and order angles- the video and complete the activity sheet (answers available in resources)</p> <p>Daily challenge: 14th July sheet saved on the website (Y4 W14) – do not print – working out can be done on a whiteboard/paper.</p>	<p>Maths Summer Term Maths Website: https://whiterosemaths.com/homelearning/year-4/</p> <p>Lesson 3: Triangles- watch the video and complete the activity sheet (answers available in resources)</p> <p>Daily challenge: 15th July sheet saved on the website (Y4 W14) – do not print – working out can be done on a whiteboard/paper</p> 	<p>Maths Summer Term Maths Website: https://whiterosemaths.com/homelearning/year-4/</p> <p>Lesson 4: Quadrilaterals - watch the video and complete the activity sheet (answers available in resources)</p> <p>Daily challenge: 16th July sheet saved on the website (Y4 W14) – do not print – working out can be done on a whiteboard/paper.</p>	

PE: One hour of dedicated movement time

Projects for the Week

Growth Mindset – Week 6: Effort and Practice

We are continuing with our Growth Mindset programme and this week's theme is Effort and Practice. Please find the relevant information in this week's resources. We have also included the final parts of this programme for you so can complete it over the summer, if you wish.

Science

This week we are continuing the Year 4 Food Chains topic. Watch this video to remind you about food chains and food webs <https://www.youtube.com/watch?v=FFloV2J-eKI>. In resources, there are two sheets to choose from. For one, you need to answer the questions and for the other you need to cut and paste the pictures to create the food web. There are clues on the second sheet to help you if you need it. Please choose one activity to complete or even do both if you would like. Don't forget to research any new scientific vocabulary you come across

RE

This has been a very unusual school year. While there may be some things that we are sad about, we also have lots of things to be thankful for. Your final RE task of this year is to write a prayer of thanksgiving to God for the blessings in your life. It is important that we remember to say thank you in prayers as well as asking for things. We have saved some examples in the resources for this week. We are certainly thankful for the opportunity to teach you this year!

Remember that we have all the online resources such as EducationCity, MyUSO and Times Tables Rockstars! **These are available over the summer too!**

It has been a pleasure to be your teachers this year. We know that this year has been very strange in lots of different ways but you all have been absolutely brilliant and we could not have been prouder. Your parents have also been amazing by helping you with all your school work. You are amazing Year 4 and we wish you a wonderful and restful summer. We can't wait to visit you in Year 5!

God bless,

Mr Nash and Mr Rose

WE ARE SO
Proud
OF YOU
